Fox takes up additional playout services from Arqiva

- **Fox FX and Fox Retro join Fox Entertainment Africa as channels played out by Arqiva for the On Digital Media platform in South Africa**

Arqiva has added two further channels to the playout services it provides for Fox. Fox FX and Fox Retro have joined Fox Entertainment Africa as channels played out by Arqiva for the On Digital Media platform in South Africa.

Malcolm Campbell, Commercial Director at Arqiva Satellite & Media, said: "Arqiva has the capacity to play out over 70 television channels to platforms all around the world and playout remains a core service in the complete broadcast chain we provide to international Blue Chip broadcasters. The decision by Fox to expand its use of Arqiva's playout facilities, adding Fox FX and Fox Retro to our responsibilities, takes advantage of our expertise in delivering playout to the very highest service levels. We look forward to further expanding our relationship with Fox in the future."

Arqiva provides trusted management and delivery of over 400 standard and high definition TV channels to over 30 international TV platforms. Arqiva has the infrastructure and experience to help rights owners, programme makers and broadcasters to create and capture content, and to manage and deliver high quality television around the world.
