Arqiva's SNG uplinks Le Mans Classic 2010 for Motors TV

- **Arqiva distributes Motors TV's coverage of the Le Mans Classic 2010 with on-site SNG uplink to Arqiva's satellite capacity**

Arqiva provided SNG services to distribute coverage of the Le Mans Classic 2010 for Motors TV. From 9-11 July Arqiva provided Motors TV with an on-site SNG uplink and transponder capacity on the AB1 satellite.

Malcolm Campbell, Commercial Director at Arqiva Satellite & Media, said: "Arqiva's fleet of SNG trucks, supported by a dedicated bookings team and comprehensive international teleport services, makes it easy for broadcasters to distribute event coverage from locations all over Europe. We work very closely with Motors TV and were delighted to support their coverage of the Le Mans Classic."

Arqiva has the infrastructure and experience to help rights owners, programme makers and broadcasters to create and capture content, and to manage and deliver high quality television around the world. With a fleet of SNG trucks and over 100 earth stations at multiple teleports Arqiva regularly enables the managed global delivery of live and special events.
