SUBJECT TO CONTRACT

- 6.14 In the event that Arqiva has reasonable grounds to believe that Customer Equipment or its use or operation is the source or cause of any interference or degradation to the reception, transmission or relay of any Radio Services or any other services, signals or transmissions to or from the Station, the Customer shall forthwith either eliminate the interference or degradation or, where there is significant interference or degradation which cannot be remedied in such time as Arqiva shall reasonably require, switch off Customer Equipment until such time as the interference or degradation has been eliminated, the cost of such measures to be borne by the Customer in any event (subject also to the provisions of Clause 6.16).
- 6.15 Where requested by Arqiva on reasonable prior notice (or forthwith in the case of an emergency), the Customer shall, or shall permit Arqiva to temporarily reduce power or switch off Customer Equipment where Arqiva considers the radiation level of any Customer Equipment is unsafe for access to the Mast or to any Equipment or Accommodation by Arqiva, its employees, agents, sub-contractors or other persons authorised by Arqiva. In such circumstances the Customer will be required to keep the relevant Customer Equipment on reduced power or switched off until all such persons and their equipment have completed the relevant tasks and left the Mast, Equipment or Accommodation. Arqiva will use reasonable endeavours to minimise the disruption to the Customer Output Signal when making such requests.
- 6.16 The Customer shall provide a switch on all Customer Equipment to enable it to be switched off by Arqiva and shall provide Arqiva with an agreed method of switching off Customer Equipment provided that it is agreed that Arqiva shall only switch off Customer Equipment:
- 6.16.1 in the event of any life or property threatening emergency;
 - 6.16.2 where Arqiva has reasonable grounds to believe that the source or cause of any interference or degradation to the reception, transmission or relay of any Radio Service or other services, signals or transmissions to or from a Station is the Customer Equipment or its operation or use and after taking all reasonable measures to contact and inform the Customer that such interference or degradation exists and where practicable to do so Arqiva has allowed the Customer a reasonable period forthwith to remedy any such interference or degradation caused by the Customer Equipment but the interference or degradation still exists;
 - 6.16.3 if required to do so by any Government Authority, provided that Arqiva shall (where reasonably practicable) use its reasonable endeavours to inform the Customer of such requirement before the Customer Equipment is switched off;
 - 6.16.4 with the agreement of or at the request of the Customer;
 - 6.16.5 where the Customer's Station Licence has expired or been terminated under the terms contained in this Agreement but the Customer has failed to switch off the Customer Equipment;
 - 6.16.6 where the Customer is in material breach of this Agreement as applied to the relevant Station Licence, including the Customer's obligation to pay the Charges, Pass-Through Costs or any other amounts due hereunder;
 - 6.16.7 where Arqiva reasonably considers that, if it were to permit or allow to continue the transmission of certain Transmitted Service Signals from the Station, it would cause Arqiva to be in breach of any obligation in any contract with a third party (such as for example but without limitation any covenant or restriction in any relevant lease, licence or other document affecting the use of the relevant Station or access rights to it);
 - 6.16.8 in order for Arqiva to conduct any maintenance or other works or for other purposes as contemplated by Clause 6.15;

SUBJECT TO CONTRACT

- 6.16.9 otherwise in accordance with any specific provisions herein contained or (if applicable) as contained in the Site Access Regulations or any other Arqiva operating procedures notified from time to time; or
- 6.16.10 where Arqiva reasonably considers it necessary in the event of any unauthorised access, use or occupation of the Station, any Accommodation or any Equipment;
- and in the event that any Customer Equipment is switched off or disconnected pursuant to this Clause 6.16, Arqiva shall notify the Customer of this as soon as reasonably practicable.
- 6.17 The Customer shall not, without Arqiva's prior written consent, carry out any activity within or outside the Station that may result in any change to:
- 6.17.1 the Permitted Use;
- 6.17.2 the size or weight of Customer Equipment;
- 6.17.3 the Agreed ERP for the Customer Equipment; or
- 6.17.4 the agreed technical operating specifications of the Customer Equipment or any other specifications set out in this Agreement and/or the relevant Station Licence.
- 6.18 The Customer shall keep any Common Accommodation used by the Customer and all Customer Accommodation clean and tidy and free from its own rubbish and shall not obstruct or cause to be obstructed any passages, paths, access ways and fire escapes (and in respect of fire doors, not keep or block any such doors open) on or serving any Station. The Customer shall be responsible for keeping the interior of any Customer Accommodation in reasonable repair and condition. The Customer shall also prepare and maintain an up-to-date as built drawing of any Customer Accommodation showing the location of all Customer Equipment at each Customer Accommodation, and promptly make the same available to Arqiva on request.
- 6.19 Unless there is a Special Condition to the contrary in the Station Licence, Arqiva shall own all Customer Accommodation, whether provided by Arqiva, or free issued by the Customer, such ownership vesting in Arqiva upon completion of its construction and/or installation.
- 6.20 Where the structure used to accommodate Customer Equipment consists of one or more movable equipment cabins provided by the Customer solely for the Customer's exclusive use and it has been confirmed in a Special Condition in the Station Licence that such equipment housing shall be treated as belonging to the Customer, it shall be deemed to form part of the Customer Equipment for the purpose of interpreting these Standard Terms.
- 6.21 The Customer shall not tamper with or otherwise cause any damage to any Station, any Accommodation (including any Mast), or any Equipment (including any Antenna) which is located at any Station, provided that the Customer shall be entitled to exercise the Rights expressly permitted herein and under the relevant Station Licence in respect of the Customer Equipment and Customer Accommodation.
- 6.22 The Customer shall not erect or cause to be erected any building or structure or other erection at a Station, save as may be expressly specified in the relevant Station Licence.
- 6.23 Save as provided in Clause 6.24, neither the Customer, nor its Approved Contractors, shall make any alterations or additions to any part of any Station, any Equipment, or to any Accommodation unless expressly permitted to do so by Arqiva in writing, such permission to be entirely in Arqiva's discretion.
- 6.24 The Customer, or its Approved Contractors, may be permitted to make alterations or additions to Customer Accommodation or to Customer Equipment subject to obtaining the prior written consent of Arqiva, such consent not to be unreasonably withheld or delayed. Any such

SUBJECT TO CONTRACT

consents as aforesaid shall also be subject to Arqiva obtaining any Consent necessary, and at the Customer's expense.

- 6.25 The Customer shall not make any application for or appeal regarding planning permission (including any full planning permission, applications under general development orders, or by licence notification) in relation to any part of any Station, any Equipment (including the Customer Equipment) or any Accommodation (including the Customer Accommodation).
- 6.26 The Customer shall not erect or permit or suffer or allow to be erected any sign, notice or advertisement on any Station (save as herein expressly provided or permitted in writing by Arqiva).
- 6.27 The Customer shall satisfy Arqiva prior to installing any permitted Customer Equipment that all proper precautions will be taken to prevent fire damage and that the provisions of the Health and Safety at Work Act 1974 and any regulations made there under and all other applicable Laws (and any reasonable additional precautions laid down by Arqiva for the protection of any Station and the Facilities and the safety of personnel and equipment) will be complied with regardless of whether or not such installation shall be supervised by Arqiva. This will include, without prejudice to the generality of the foregoing, a requirement for the Customer to provide at its own cost all necessary fire fighting equipment and safety clothing for use in respect of Customer Accommodation (if any) and Customer Equipment.
- 6.28 The Customer shall not light or permit or suffer or allow to be lit any fire on any Station or on any access thereto nor block or obstruct nor permit or suffer or allow to be blocked or obstructed any fire exits or access for fire fighting equipment thereon.
- 6.29 The Customer shall under no circumstances permit any of its employees or its Approved Contractors or any third party to reside at any Station.
- 6.30 The Customer shall in exercising the Rights comply and procure that all Approved Contractors comply with the terms and conditions of this Agreement (including any relevant obligations contained in Special Conditions in the Station Licence) and do not cause any nuisance or annoyance or undue noise to Arqiva or any neighbouring owners or occupiers and do not drive or walk over any private land or property adjoining any Station over which rights have not been granted under the Station Licence, or otherwise, and that they shall secure any doors and gates after use.
- 6.31 The Customer shall not install nor suffer the installation of any alternative facilities for the supply of electricity, or any other facilities including communication links, other than with Arqiva's prior written consent.
- 6.32 Subject to Clause 6.31 above, the Customer agrees that if it requires any third party services at any Station (including telephony services), including any services which may need to pass in, on, over or under any Station and any adjacent land or premises in which Arqiva has a relevant proprietary interest, the Customer shall not in the first instance negotiate such services directly with any such third party, and shall, if it requires such services, request that Arqiva negotiates the provision on reasonable terms of any such services (the Customer bearing any reasonable costs incurred by Arqiva in negotiating and providing such services). In the event that Arqiva rejects any such request or notifies Arqiva that it has failed to secure the requested services, Arqiva shall be entitled to seek to negotiate the required services directly with the third party.
- 6.33 Any Approved Contractors shall install, inspect, maintain, repair, renew and remove as necessary Customer Equipment at the Customer's sole risk.
- 6.34 The Customer shall bear the properly incurred expenses of Arqiva in making good any damage, loss or injury to any Accommodation and/or any Equipment in consequence of the exercise of or failure to exercise any of the Rights granted under the Station Licence by the

SUBJECT TO CONTRACT

Customer or any Approved Contractor, other than in consequence of any negligent act or omission on the part of Arqiva.

- 6.35 The Customer shall not grant any assignment, sub-letting or sub-licence of all or any parts of the Rights granted under a Station Licence.
- 6.36 Upon termination or expiry of any Station Licence, the Customer shall immediately terminate the use of the Customer Accommodation, the Common Accommodation, the Customer Equipment and the Common Equipment, and the terms set out in Clause 10.4 shall apply.
- 6.37 Where it has any rights of enlargement of its interest under the Station Licence or otherwise by virtue of code powers under the Telecommunications Act 1984 and/or the Communications Act 2003, the Customer shall not exercise such code power rights (insofar as it is able to contract out of the same hereunder or otherwise) so as to cause financial loss or liability to Arqiva, any Landlord or any other third party, and without prejudice to the generality of the foregoing the Customer also agrees that if it exercises any such powers of enlargement or otherwise in relation to any Station and as a result remains in situ at the Station it shall also accept and shall be responsible for and indemnify Arqiva and any Landlord or third party against any damages or loss and all costs charges and expenses incurred by or claimed against Arqiva and any Landlord or third party in relation to the Station, provided that Arqiva will not (and will use its reasonable endeavours to procure its Landlord does not) settle or compromise any such claim without prior notice to and the consent of the Customer (such consent not to be unreasonably withheld or delayed).
- 6.38 The Customer shall during the Licence Term obtain, maintain and comply with all applicable Laws, and any consent, approval, licence, authorisation or permission that the Customer requires from any Government Authority, national or international regulatory agency or other third party and, to the extent the same are applicable to Arqiva, shall not do or permit anything to be done which might cause or otherwise result in a breach by Arqiva of the same or of any Arqiva Licence.

7. CHARGES AND PAYMENT

- 7.1 Subject to the remainder of this Clause 7, the Customer shall pay to Arqiva the Charges, the Pass-Through Costs and any other amounts expressly referred to in this Agreement and the Station Licences.
- 7.2 The Charges have been calculated in accordance with the methodology described in the Undertakings and are as set out in the Rate Card. The Charges comprise the Annual Network Access Fee and any other sums set out in Schedule 6 (Summary of Commercial Details). The Charges assume that Network Access will be provided by Arqiva on a 24/7 basis, and shall not be reduced if the Customer wishes to transmit its Customer Output Signal on a more limited basis.
- 7.3 Subject to the remainder of this Clause 7, the Annual Network Access Fee and the Forecast Pass-Through Costs shall become payable on and from the applicable Access Date. The Annual Network Access Fee and Forecast Pass-Through Costs shall each be divided by twelve (12) to provide a monthly figure, and such monthly amounts shall be payable in advance at the start of each month.
- 7.4 The Annual Network Access Fee (excluding Pass-Through Costs which are subject to variation in accordance with market conditions), will be subject to annual indexation (without taking into account Network Access Credits) by a percentage increase equal to any percentage increase in RPI as set out in the remainder of this Clause 7.4. Such percentage increase shall be calculated by comparing the RPI published in the April immediately preceding the Year for which charges are being reviewed, with the RPI published twelve (12) months before the April immediately preceding the Year for which charges are being reviewed and expressing the difference as a percentage of the first (i.e. first published) of such RPIs. If any such resulting number is a negative number, it shall be treated as zero for the purposes

Framework Reference Offer for the Provision of Radio Network Access - Version 4 (1 July 2012)

SUBJECT TO CONTRACT

of the indexation mechanism set out in this Clause. Any percentage increase in RPI that is required to be calculated under this Agreement shall be calculated to two decimal places and conventional rounding shall apply. (By way of illustration only, to calculate the indexation for the Charges for the Year commencing 1 July 2012, the relevant increase in RPI is obtained by comparing the RPI for April 2011 and the RPI for April 2012 and expressing the increase between these two values as a percentage increase of the RPI for April 2012.)

- 7.5 In the event that any Exceptional Risk occurs, Arqiva shall be entitled to review the Charges in accordance with the Change Control Procedure.
- 7.6 Except as otherwise provided for under this Agreement, all amounts payable by the Customer shall be payable within thirty (30) days of the date of the relevant invoice, the invoice date being the Due Date for such amounts.
- 7.7 The Customer shall make payments for the Charges and Pass-Through Costs by direct debit.
- 7.8 At the end of each Year Arqiva shall calculate any Network Access Credits due to the Customer pursuant to Clause 4.8.1 in respect of the previous Year, and shall make the applicable payment to the Customer in respect thereof within ninety (90) days of the end of applicable Year.
- 7.9 All Charges, Pass-Through Costs and other amounts referred to in this Agreement are exclusive of value added tax and any other tax or duty which shall, if and to the extent applicable, be payable by the Customer at the rate and in the manner from time to time prescribed by law.
- 7.10 All invoices hereunder shall be raised in, and all debts due hereunder shall be settled in, GB pounds sterling. If the United Kingdom becomes a participating member state for the purposes of European Monetary Union and the Euro accordingly becomes the lawful currency of the United Kingdom:
- 7.10.1 such occurrence shall not affect the validity of this Agreement or the rights and obligations contained in this Agreement or any individual Station Licences, nor shall it give either party the right to alter or terminate the Agreement unilaterally; and
- 7.10.2 with effect from the date on which it occurs, any amount referred to in this Agreement or in any individual Station Licence in GB pounds sterling shall be redenominated in Euros at the rate and in the manner determined by the relevant legislation.
- 7.11 If the Customer fails to pay any amount payable by it under this Agreement (including any amount due under any Station Licence) within thirty (30) days from the Due Date, without prejudice to Arqiva's other remedies, the Customer shall become liable for and, on Arqiva's demand from time to time, shall pay interest on such overdue amount from the Due Date up to the date of actual payment whether before or after judgement at the rate of four per cent (4%) per annum over the base rate of the Bank of England. Such interest shall accrue from day to day and shall be computed on the basis of a year of three hundred and sixty five (365) days for the number of days elapsed.
- 7.12 If the Customer is more than thirty (30) days overdue with payment of any amount payable hereunder, Arqiva may serve the Customer with not less than thirty (30) days written notice of its intention to suspend provision of Network Access for non-payment. Following the expiry of such notice period, Arqiva reserves the right to suspend provision of Network Access until the Customer has rectified matters. Moreover, the Customer shall not be relieved of any liability to pay Charges or any other amounts due under this Agreement in respect of any period during which Arqiva's provision of Network Access has been suspended pursuant to this Clause.
- 7.13 In addition to the Charges, Arqiva will charge for supervision in accordance with the rates set out in Schedule 6 (Summary of Commercial Details).

Framework Reference Offer for the Provision of Radio Network Access - Version 4 (1 July 2012)

SUBJECT TO CONTRACT

- 7.14 If the Customer disputes any invoice issued by Arqiva hereunder, it shall nevertheless be obliged to pay that invoice. In the event that the outcome of any dispute resolution process provided for in this Agreement is that an overpayment has been made by the Customer, Arqiva shall be liable to repay to the Customer an amount equal to the overpayment together with interest on such amount calculated at the rate specified in Clause 7.11 such interest to be calculated for the period from the date of payment of the original invoice to the date of repayment by Arqiva of the overpayment.
- 7.15 Arqiva may elect to set off any liability to pay any amounts payable by it under this Agreement against any amounts payable by the Customer to Arqiva under this Agreement or the Station Licences or any liability of the Customer to Arqiva howsoever arising.
- 7.16 If Arqiva has reasonable grounds for concern as to the creditworthiness of the Customer from time to time, it shall be entitled to require the Customer to procure a parent company guarantee in such form as Arqiva may reasonably require, or such other security or payment terms as Arqiva may reasonably require.
- 7.17 Commencing with the first Year in which the Customer is expected to be invoiced for the Annual Network Access Fee, and for each Station Licence then issued under this Agreement, Arqiva shall forecast the Pass-Through Costs likely to be payable by the Customer during that Year ("**Forecast Pass-Through Costs**") on a Station by Station basis. Arqiva shall conduct such forecast and notify the Customer of the Forecast Pass-Through Costs by, at the latest, the end of April prior to the start of the relevant Year.
- 7.17.1 The Forecast Pass-Through Costs shall be divided by twelve (12) to provide a monthly amount applicable for the relevant Year, and this amount shall be payable by the Customer in accordance with Clause 7.3. For the first Year in which the Forecast Pass-Through Costs are expected to be payable, the Forecast Pass-Through Costs shall be divided by the number of months from the Target Access Date for the relevant Station to the following June.
- 7.17.2 The Customer's share shall be calculated on a Station-by-Station basis, using the following methodology:
- (a) Arqiva shall first calculate the total amount of Pass-Through Costs (except for any directly attributable Pass-Through Costs) incurred by Arqiva at each Station in respect of the provision of Network Access to all other customers at that Arqiva Station;
 - (b) Arqiva shall then determine each customer's share of the total Pass-Through Costs (including the Customer's share) at each Station on a fair and reasonable basis that is reflective of the attributes/criteria that incur/drive these Pass-Through Costs. The Customer's share shall be this amount, plus (i) any directly attributable Pass-Through Costs, and (ii) the total cost of electricity for its Customer Equipment in the relevant period.
- In procuring electricity required for the operation of the Equipment, Arqiva shall use all reasonable endeavours to ensure best value for itself and in turn for the Customer.
- 7.17.3 As soon as reasonably practical and no later than four (4) months after the end of the relevant Year, or as soon as possible following the end of the Licence Term, the Customer's share of actual Pass-Through Costs for the relevant Year ("**Actual Pass-Through Costs**"), determined in accordance with Clause 7.17.2 above, will be compared to the Forecast Pass-Through Costs for the relevant Year. Any overpayment or underpayment by the Customer shall be notified in writing by Arqiva. In the event of any overpayment by the Customer, Arqiva shall issue the Customer with a credit note to the value of any overpayment within thirty (30) days, save where no more Charges are due from the Customer to Arqiva, in which case Arqiva shall

SUBJECT TO CONTRACT

pay the amount within thirty (30) days. In the event of any underpayment, Arqiva shall issue an invoice to the Customer for this amount, such invoice being payable in accordance with the terms of this Agreement

7.17.4 Arqiva shall, on the Customer's written request and subject to payment by the Customer of Arqiva's reasonable incurred costs, provide copies of all documentation evidencing and/or supporting the calculation of the Actual Pass-Through Costs for any Year. Arqiva shall not however, be required to provide copies of such documentation to the Customer where by so doing Arqiva would be in breach of or otherwise contravene confidentiality or contractual commitments with other customers or users of Station Facilities. Under these circumstances Arqiva will ensure that a reputable third party independently validates that the Customer's Pass-Through Costs have been derived and/or calculated in accordance with the methodology agreed between Arqiva and the Customer, and provide confirmation of such independent validation to the Customer on request. The Customer shall not be entitled to request this information more frequently than once per annum. Arqiva shall provide such information promptly and in any event within thirty (30) days, of the Customer's written request.

7.18 It is agreed by Arqiva and the Customer that the consideration for the Rights granted in each Station Licence is included within the Charges and Pass-Through Costs payable by the Customer pursuant to this Agreement.

8. CHANGE

If the Customer or Arqiva wishes to make any change to this Agreement or the provisions in any individual Station Licence, the parties shall follow the Change Control Procedure set out at Schedule 4 (Change Control Procedure).

9. TERM AND TERMINATION

9.1 Subject to the remainder of this Clause 9, and unless otherwise agreed in writing, this Agreement shall come into force on the Effective Date and shall continue until the Expiry Date.

9.2 Each party shall be entitled forthwith on serving a written notice to the other party to terminate this Agreement, in whole or as to the affected part, if the other party shall be in material breach of any of the provisions of this Agreement and shall not remedy (in the case of breaches capable of remediation) or otherwise satisfactorily compensate the non-defaulting party in respect of any such breach(es) within thirty (30) days of the non-defaulting party notifying the other party in writing of the breach in question.

9.3 Each party shall be entitled forthwith on serving a written notice to the other party to terminate this Agreement (and the Station Licences) on any of the following events occurring in respect of the other party:

9.3.1 a petition is presented or resolution passed for its winding up, provided that this Clause 9.3.1 shall not apply to a bona fide re-organisation or re-construction of that party whilst solvent;

9.3.2 it enters into any composition with its creditors generally, or suffers any similar action in consequence of default by it in its obligations in respect of any indebtedness provided that this Clause 9.3.2 shall not apply to a bona fide re-organisation or re construction of that party whilst solvent;

9.3.3 an administration application is made in respect of it or it suffers a notice of appointment of administration to be filed at court in respect of it;

SUBJECT TO CONTRACT

- 9.3.4 it has stopped or threatens to stop generally payment of its debts or it if ceases or threatens to cease to carry on its business or any substantial part of it, provided that this Clause 9.3.4 shall not apply to a bona fide re-organisation or re-construction of that party whilst still solvent;
 - 9.3.5 it has a receiver, administrative receiver or other similar official appointed over all or any substantial part of its property, undertakings or assets;
 - 9.3.6 it suffers a creditor taking possession of all or any part of its business or assets or suffers any execution or other legal process being enforced against its business or any of its substantial assets, which execution or legal process is not discharged within thirty (30) days;
 - 9.3.7 it is deemed for the purpose of Section 123 of the Insolvency Act 1986 to be unable to pay its debts; or
 - 9.3.8 an event or circumstance analogous to any of those referred to in Clauses 9.3.1 to 9.3.7 above occurs in any jurisdiction outside England and Wales under the laws of any competent jurisdiction.
- 9.4 Either party may terminate this Agreement and the relevant Station Licences as to the affected Station or Stations pursuant to Clause 12.2.
- 9.5 Where this Agreement is terminated in part only pursuant to provision of this Clause 9 it shall continue in full force as to the remaining part.
- 9.6 Each Station Licence:
- 9.6.1 may be terminated pursuant to any of the provisions of Clause 9.7;
 - 9.6.2 may be terminated by Arqiva by giving to the Customer not less than five (5) months' prior written notice provided that:
 - (a) if Arqiva has served such notice because its rights to continue to grant the Rights are determined by reasons beyond its reasonable control (such as for example but without limitation where Arqiva is unable to renew its rights to occupy any land or buildings comprised in the relevant Station and/or where renewal is only available on unreasonable terms), Arqiva shall use its reasonable endeavours to secure an alternative site which is as close (geographically) as reasonably practicable to the relevant Station, and if Arqiva successfully secures such a site the Customer shall relocate to such site in accordance with Clause 4.6.9 of this Agreement, and all costs, charges and expenses incurred by the Customer in relation to or in connection with such relocation shall be borne by the Customer; and
 - (b) if Arqiva has served such notice for reasons other than those specified in Clause 9.6.2(a), Arqiva shall use its reasonable endeavours to secure an alternative site which is as close (geographically) as reasonably practicable to the relevant Station, and if Arqiva successfully secures such a site the Customer shall relocate to such site in accordance with Clause 4.6.9, and all the Customer costs, charges and expenses properly, reasonably and directly incurred by or on behalf of the Customer in relation to or in connection with such relocation shall be borne by Arqiva;
 - 9.6.3 shall expire at the end of the relevant Licence Term in respect of each Station Licence;
 - 9.6.4 may be terminated by a party forthwith by notice in writing to the other if the other shall be in material breach of any of the obligations on its part to be performed or

SUBJECT TO CONTRACT

observed thereunder and shall not remedy (in the case of a breach capable of remediation) or otherwise satisfactorily compensate the non-defaulting party in respect of any such breach(es) within thirty (30) days of the non-defaulting party notifying the other party in writing of the breach in question; and

- 9.6.5 shall terminate forthwith on termination or expiry of this Agreement for whatever reason (or the relevant part of this Agreement if it is terminated in part).
- 9.7 Arqiva may notwithstanding and without prejudice to its rights under Clause 9.3 and 9.6 above, switch off Customer Equipment and determine the relevant Station Licence forthwith without incurring any liability to the Customer or any other party for the results of such an act if any of the following events should occur in respect of the Customer:
- 9.7.1 the Customer fails to make any payment to be made under this Agreement or any Station Licence which is in arrears and unpaid following the Due Date (as defined herein or in the relevant Station Licence) within fourteen (14) days of receiving notice from Arqiva, that Customer Equipment will be switched off unless Arqiva receives the outstanding payment together with the interest due thereon (such notice to be served not earlier than the said Due Date); or
- 9.7.2 the Customer fails or neglects to initiate steps to remedy within thirty (30) days after notice is given by Arqiva requiring such remedy or if the Customer fails to continue thereafter with all reasonable speed to complete such remedying of a material breach of any of the covenants, agreements or conditions of this Agreement in relation to any the Station Licence and on the part of the Customer to be performed and observed.
- 9.8 Any termination of a Station Licence pursuant to Clause 9.6 or Clause 9.7 shall be without prejudice to any antecedent claims arising under the relevant Station Licence prior to the date of termination.
- 9.9 The Customer shall where requested by Arqiva in writing temporarily relocate any Customer Equipment, and in default of the Customer's compliance with such request after a reasonable period (where practicable) Arqiva may relocate any Customer Equipment and where applicable enter any Customer Accommodation in order to relocate any Customer Equipment (and in such scenario the Customer shall pay to Arqiva on demand the costs, charges and expenses properly incurred by Arqiva in so entering and relocating) where it has become necessary to temporarily move some or all of the Customer Equipment at the Station (for example but without limitation for the purposes of essential maintenance or in an emergency), which may involve moving the affected Customer Equipment to another area of the Station (in respect of which the Customer may or may not have exclusive access), to another area adjacent to the Station or to a different site, and in this scenario Arqiva shall use its reasonable endeavours to ensure that the terms of the Customer's access to and use of such Customer Equipment are equivalent to the terms set out in the Station Licence during such temporary periods, although Arqiva cannot guarantee that any Antenna coverage patterns will be the same.

10. CONSEQUENCES OF TERMINATION

- 10.1 Upon termination (in whole or part) of this Agreement for whatever reason or upon its expiry, all Station Licences granted hereunder (or, in the event of a partial termination, all of such Station Licences in respect of Stations at which Network Access will no longer be provided) shall immediately terminate and the Customer shall comply with its relevant obligations pursuant to such Station Licences.
- 10.2 Any termination of this Agreement shall be without prejudice to either party's rights to recover any sums payable or due by the other or to any rights accrued by one party to the other in accordance with this Agreement on or prior to the date of such termination. Each Party shall use reasonable endeavours to mitigate any losses or expenses that may arise by virtue of the expiry or termination of part or all of this Agreement.

Framework Reference Offer for the Provision of Radio Network Access - Version 4 (1 July 2012)

SUBJECT TO CONTRACT

[Note to Customer: Arqiva may require the inclusion of an expiry fee that would be payable on early termination of the contract.]

- 10.3 This Clause 10 and Clauses 4, 7, 11, 13, 15 and 16 shall continue in full force and effect notwithstanding the termination or expiry of this Agreement.
- 10.4 Upon termination (in whole or part) of this Agreement for whatever reason, or an individual Station Licence, or upon their respective expiry, Arqiva shall be responsible for the removal of the Customer Equipment. Upon such expiry or termination Arqiva will make such decommissioned assets available for the Customer to collect within thirty (30) days of the Customer's written request (any such written request to be made within twelve (12) months of the expiry or termination of this Agreement or the relevant Station Licence). If such assets are not collected by the Customer within thirty (30) days of being made available for collection by Arqiva, Arqiva shall be entitled to dispose of such assets as it sees fit.

11. LIABILITY, INDEMNITIES AND INSURANCE

Liability

- 11.1 Arqiva accepts liability to the Customer only as expressly provided or contemplated in this Clause 11 and Clauses 2.2.2 and 4.8, and otherwise shall have no liability to the Customer under or in connection with this Agreement or any Station Licence whether arising in or for breach of contract, tort (including negligence), breach of statutory duty, indemnity or otherwise.
- 11.2 Arqiva accepts liability to the Customer for any damage to Customer Equipment caused by Arqiva's negligence in the provision of Network Access up to ten thousand pounds sterling (£10,000) per Station per Year. For the avoidance of doubt, neither damage to nor loss or corruption of data shall constitute loss of or damage to physical property.
- 11.3 Subject to Clause 11.2, Arqiva's maximum aggregate liability to the Customer arising under or in connection with this Agreement and all Station Licences, whether arising in or for breach of contract, tort (including negligence), breach of statutory duty, indemnity or otherwise, in respect of claims relating to any Year shall be limited to the greater of:
- 11.3.1 one hundred and twenty-five per cent (125%) of the Charges payable by the Customer to Arqiva under this Agreement in respect of that Year; and
- 11.3.2 £50,000.
- For the avoidance of doubt any amounts paid by Arqiva to the Customer by way of Network Access Credits under Clause 4.8.1 and liquidated damages under Clause 2.2.2 shall count towards the limits set out in this Clause 11.3.

SCHEDULE 2

Network Access Availability, Network Access Levels and Network Access Credits

References in this Schedule to paragraphs are to paragraphs of this Schedule.

1. GENERAL

- 1.1 Arqiva will measure the Network Access Availability of each Station against the relevant Network Access Level on an annual basis. If in respect of any Year Arqiva fails to achieve the Network Access Level as calculated using the formula set out in paragraph 4.1, Arqiva shall incur a liability to pay Network Access Credits to the Customer which shall be calculated in accordance with the provisions of paragraph 5.
- 1.2 For the purposes of calculating Network Access Availability, Minutes Lost shall be accumulated from the time of notification of the relevant Network Access fault to the NCSC.
- 1.3 At the end of each Year, Arqiva shall provide the Customer with a copy of its calculations of any Network Access Credits payable in respect of that Year. Network Access Credits shall be payable in accordance with Clause 7.8 of the Agreement.
- 1.4 In respect of any Station or Stations for which, at the time of calculation less than a year has elapsed since the Station Service Date, the calculation shall be made assuming Network Access Availability of 100% for any part of the year prior to the Station Service Date.

2. EXCLUDED EVENTS

- 2.1 For the purpose of calculating Network Access Availability, the period of any interruption in provision of Network Access due to any of the following events shall not count as Minutes Lost:
 - 2.1.1 a failure or interruption resulting from the Customer's refusal to grant or delay in granting permission for Arqiva to carry out planned or emergency essential maintenance;
 - 2.1.2 Arqiva's due compliance with safe working practices stipulated by the HPA or any applicable Laws or any generally recognised protocol or standard (whether or not having the force of law);
 - 2.1.3 any Force Majeure Event;

 - 2.1.8 any breach of this Agreement by the Customer;
 - 2.1.9 any interruption as a result of Arqiva complying with directions issued to it by a Government Authority (including Ofcom);
 - 2.1.10 any interruption resulting from defects or failures in the equipment or services provided or operated by or on behalf of the Customer (other than equipment which Arqiva is required to operate and maintain);

Framework Reference Offer for the Provision of Radio Network Access - Version 4 (1 July 2012)

SUBJECT TO CONTRACT

- 2.1.11 any interruption resulting from loss of mains electricity supply for any reason, except where permanent alternative electricity supply facilities, independent of the mains, are required to be provided by Arqiva under this Agreement;
- 2.1.12 any fault requiring attendance at a Station during any period where such attendance is not permitted or is otherwise prevented as a consequence of any Force Majeure Event;
- 2.1.13 any interruption due to causes listed in this Schedule 2 at paragraph 3 as "Planned Works", provided that the time and duration of such works has been notified to and agreed by the Customer in advance in accordance with the procedures notified by Arqiva to the Customer from time to time;
- 2.1.14 any compliance with any request or instruction of the Customer, where the interruption would not have occurred but for such compliance;
- 2.1.15 additional time spent waiting for or travelling via ferries or flights required for access to island Stations;
- 2.1.16 a failure by the Customer to deliver the Programme feed to Arqiva;
- 2.1.17 any damage or interruption to the use of any third party supplied Station facilities (e.g. a Station where the Antenna support structure is owned by a third party and where response to any damage to that structure and responsibility for any interruption to the use of that structure is controlled by that third party proprietor);
- 2.1.18 any failure or interruption or reduction resulting from the Customer's failure or inability to adjust the power level of the transmitter output to that required to transmit the normal ERP via the particular Antenna or Antenna configuration selected by Arqiva at any time in order to provide Network Access; or
- 2.1.19 any other occurrence that the parties mutually agree not to treat as Minutes Lost.

3. PLANNED WORKS

SUBJECT TO CONTRACT

4. NETWORK ACCESS AVAILABILITY

- 4.1 Network Access Availability shall be calculated annually as a percentage for the immediately preceding twelve (12) months by applying the following formula:

$$\text{Network Access Availability} = \frac{A - B}{A} \times 100\%$$

Where:

A = Total Minutes: Total number of minutes in the relevant twelve (12) month period.

B = Minutes Lost: Total number of minutes in the relevant twelve (12) month period during which the Customer was unable to transmit the Customer Output Signal from the Station within the agreed technical parameters due to a loss of Network Access, other than where this was attributable to an Excluded Event.

- 4.2 If the Network Access Availability for any Station as calculated in paragraph 4.1 above for the relevant twelve (12) month period is less than the Network Access Level specified in the relevant Station Licence, Network Access Credits shall be payable calculated in accordance with the formula in paragraph 5 below.

5. NETWORK ACCESS CREDITS

- 5.1 Subject to paragraph 5.2 below, the value of the Network Access Credit shall be calculated according to the following formula:

$$\text{Network Access Credit} = (\text{NAL} - \text{NAA}) \times \text{Annual Network Access Fee}$$

Where:

NAL = Network Access Level for the relevant Station, expressed as an absolute value

NAA = Network Access Availability for the relevant Station expressed as an absolute value

For the avoidance of doubt, the values of NAL and NAA to be used in the above formula shall given by taking the percentage values and dividing by 100, such that, for example, a value of 99.9% would be entered as 0.999.

- 5.2 The total Network Access Credits payable in respect of all Stations in any Year shall not exceed one per cent (1%) of the Annual Network Access Fee payable by the Customer to Arqiva under this Agreement in such Year excluding Pass-Through Costs.

The Customer shall ensure and confirm by use of an independent monitoring source that the failure or defect does not originate from any Arqiva Equipment or Common Equipment.
- 3.2 In the event that Arqiva attends a Station, or incurs costs, to rectify a fault and finds that the fault does not originate from any Arqiva Equipment or Common Equipment, then Arqiva may make separate additional charges, for attendance and/or work carried out by Arqiva as a result of the incorrect or inadequate information provided by the Customer regarding the fault or any breach of this Agreement by the Customer.

Change Control Procedure

1. PRINCIPLES

- 1.1 Where the Customer or Arqiva wish to request a change to the provision of Network Access facilities, the Customer may at any time request, and Arqiva may at any time recommend (in each case a "**Change Request**"), such change in accordance with the Change Control Procedure as set out at paragraph 2 below.
- 1.2 Except in the case of a change implemented under paragraph 2.5 of this Schedule 4, no Change Request shall be binding on the parties unless the requirements of the Change Control Procedure have been satisfied in full.
- 1.3 Except in the case of a change implemented under paragraph 2.5 of this Schedule 4, until such time as a Change Request is approved and executed by the relevant parties, in accordance with the Change Control Procedure, Arqiva shall continue to provide Network Access as if the Change Request had not been made.
- 1.4 Any discussions which may take place between the Customer and Arqiva in connection with a request or recommendation before the authorisation of a resultant change shall be without prejudice to the rights of either party.
- 1.5 Both parties will:
 - 1.5.1 act reasonably in putting forward Change Requests, responding to Change Requests and generally in relation to the Change Control Procedure;
 - 1.5.2 not unreasonably withhold or delay approval of Change Requests;
 - 1.5.3 use reasonable endeavours to minimise costs in proposing changes to the Charges in connection with Change Requests; and
 - 1.5.4 be diligent in documenting and operating the Change Control Procedure.

2. CHANGE CONTROL PROCEDURE

- 2.3 If the Parties agree the changes in the Change Request, each Party shall execute the Change Request, and Arqiva shall update the Change Register to reflect the same.
- 2.4 Subject to paragraph 2.3 above, Arqiva shall issue a replacement Station Licence which shall be executed by both parties to reflect the changes to any relevant Station Licence in consequence. In relation to any other changes to this Agreement (which do not necessitate a change to any terms set out in the Station Licence), the Change Request form signed by both parties in accordance with this procedure shall constitute a valid amendment to this Agreement for the purposes of Clause 16.12.
- 2.5 Any change which Arqiva believes is necessary in order to meet the Target Access Date or as a result of an Exceptional Risk shall be treated in accordance with the procedure set out in this Schedule 4, except that Arqiva shall be entitled to implement the relevant change even if

SUBJECT TO CONTRACT

a Change Request form has not been signed by both parties. For the avoidance of doubt, any change so implemented shall constitute a valid amendment to this Agreement. Arqiva shall in any event, provide a Change Request form to the Customer in respect of such change in accordance with this Schedule 4. Where the occurrence of any Exceptional Risk means that it is not possible to achieve the Target Access Date within the Charges, but it would be possible to achieve the Target Access Date with the investment of additional charges, Arqiva shall notify the Customer of this as soon as possible (specifying the amount of such additional charges) and it shall be the Customer's decision in its discretion whether to pay the additional charges or extend the Target Access Date.
