Release: 8 February 2013

Carriage of Radio and/or Data Services on one of Arqiva's Multiplexes on the UK DTT Platform

Following a strategic review of its scope to offer data capacity and the renewal of Arqiva's multiplex licences to November 2026, Arqiva is pleased to invite offers from broadcasters for up to 1 Mbps capacity for Radio, Data or other non-TV services on one of its DTT multiplexes.

Arqiva Services Limited (**Arqiva**) is the licensed operator of multiplexes C and D, two of the six multiplexes which make up the UK's DTT platform, Freeview. Freeview is the largest digital television service in the UK with more than 20 million homes equipped to receive over 50 TV and 24 radio channels through a conventional aerial.

Interested parties should register interest by 5pm UK time 22 February 2013 at auction.data@arqiva.com.
